

## Winding Up the Time

X

Is it raining? Is it dark?  
Is it easy? Was it hard?  
Is it fever? Is it fine?  
Is it real? Was it mine?

Winding up the time  
Turning up the loud  
Tearing up the road  
Lost in lost and found

Am I silver? Am I stone?  
Am I half or am I whole?  
Was I never? Was I strong?  
Is it final? Is it gone?

Winding up the time  
Turning up the loud  
Tearing up the road  
Lost in lost and found  
Sleeping on the blink  
Stars around my head  
Lightning on my tongue  
Sparkling hit and run

Is it fever? Is it fine?  
Is it real or was it mine?  
Was it siren? Was it song?  
Was it never or is it gone?

Winding up the time  
Turning up the loud  
Tearing up the road  
Lost in lost and found  
Sleeping on the blink  
Stars around my head  
Lightning on my tongue  
Sparkling hit and run

Ripping up the sky  
Staring at the stars  
Howling at the sun  
Sawing through the bars
