

200 Years

Xandria

Once, through the stones her journey began
Falling through times ancient veil
When Highlands were covered with blood, and she ran
Right into one of their tales

He was an outcast, survivor of pain
But he had a heart of gold
Together they face countless trials and strain
Their story is now to unfold

Free the Highlands shall be
A war we will see
She knew from her time's history
Death would come to them all
Unless they could call
Their clans to halt

Lost in the echoes
Of two hundred years
Two hearts together
In love and in tears
Will all these moments be lost and in vain
Or will they be ever again?
Or will they be ever again?

Down in the streets of a city of old
Trying the course of fate
Their bond was too strong to ever lose hope
But destiny would not wait

Free the highlands can't be
A war we are seeing
Cause no one can change history
Death has come to them all
And now she must call
Through stones to fall

Lost in the echoes
Of two hundred years
Two hearts together
In love and in tears
Will all these moments be lost and in vain
Or will they be ever again?

Caught in the never
Of two hundred years
Two souls together
In joy and in fear
Will all these moments be lost and in vain
Oh will they be ever again?
Oh will they be ever again?

Hearing the echoes for twenty long years
A sign of the past came whispering here

Lost in the echoes
Of two hundred years

Two hearts together
In love and in tears
Will all these moments be lost and in vain
Or will they be ever again?

Caught in the never
Of two hundred years
Two souls together
In joy and in fear
Will all these moments be lost and in vain
Oh will they be ever again?
Oh will they be ever again?

(Two hundred years
Two hundred years
Two hundred years
Two hundred years)
