

# Bleed

Xavier Rudd

Set myself... slowly

I will see what I see when I see when I fall down, slowly  
Must believe what I must believe when I fall down, slowly  
See the fade is impossible to change and I fall down, slowly (I  
fall down)  
I will see what I see when I see when I fall down, slowly

I see you bleed (I will see you as you and I see)  
I see you bleed (I will see you as you and I see)  
I see you bleed (I will see you as you and I see)  
I see you bleed (I will see you as you and I see)

The rain, if it rains when it rains and it falls down, slowly  
They will grow, it will grow if they grow, they will fall down,  
slowly  
I see the fade is impossible to change and I fall down slowly  
I will see what I see when I see when I fall down, slowly  
I have faith and I sold my soul, feel like home and giving it n  
o more

(I will see you as you and I see)  
I see you bleed (I will see you as you and I see)  
I see you bleed (I will see you as you and I see)  
Fall down slowly now (I will see you as you and I see)...  
Slowly (I will see you as you and I see) (fall down)...  
Set myself free...  
Set myself fully free
