Well, I'll hold you up again  
And I'll hold you up again  
Hold you up again  
I'll hold you up again

I'll hold you up again  
And I'll hold you up again  
You fought and you won  
Now my brother, you're gone  
You fought and you won  
Now my brother, you're gone

Well, you fought and you won  
Now my brother, you're gone  
Well, you fought and you won  
Now my brother, you're gone

I'll hold you up again  
Yeah, I'll hold you up again  
You were your country  
Deadliest, I've seen

And I feel it many times  
When I shut these eyes  
And I feel you many times  
When I shut these eyes  
Well, I'll hold you up again  
And I'll hold you up again
