

A Day's Routine (Interlude)

Xavier Wulf

I smoke a hundred new blunts every morning
Smoke another then I get some lunch
I smoke another one right before dinner, when I finish then I smoke again
I'm pullin' off then I twist another [?], pick her up then we smoke again
She said "Pull up!" then we made it to her friend, pull up on her then we told her "Hop on in"
I smoke a hundred new blunts every morning
