Roll a blunt smoke a few
This is what I like to do
This is all I ever knew
I'm East Memphis raised
Living California days
See me swerving every which-a-way

Yeah I roll a blunt smoke a few
This is what I like to do
This is all I ever knew (This is all I ever knew)
I'm East Memphis raised
Living California days
See me swerving every which-a-way (See me swerving every which-a-way)

Yeah I roll a blunt smoke a few
This is all we like to do
This is all we ever knew (This is all we ever knew)
I'm East Memphis raised
Living California days
I feel better when I see the hate (I feel better when I see the hate)

Shut your mouth goofy fool
Bitch I wasn't asking you
I ain't tryna play it cool
You know what kinda shit I start
She put my name beside her heart
And left them dead inside the dark (Left them dead inside the dark)
I pulled up in my aadvark
Watch your feet I'm finna park
I air it out and top the charts (I air it out and top the charts)
I chop him off the chopping block
I knock him out his Nike socks
My blunt be pulling like a ox (I air it out and top the charts)
They say Xay I see your vision
Welcome to my subdivision
Multiply don't do division
This is how I choose to live it
Get respect forget the women
Success is a sexy feeling

Roll a blunt smoke a few
This is what I like to do
This is all I ever knew
I'm East Memphis raised
Living California days
See me swerving every which-a-way

Yeah I roll a blunt smoke a few
This is what I like to do
This is all I ever knew (This is all I ever knew)
I'm East Memphis raised
Living California days
See me swerving every which-a-way (See me swerving every which-a-way)

Yeah I roll a blunt smoke a few
