I'm Alone Not A Lover

Xavier Wulf

I've had enough of this shit
Goodbye

You might see drinking [?] while I sip on some water too
I sit back and smoke my smoke, be thicker than a twitter ho
I told my old bitch let me go, I'm focused on another road
Look in to her window, you see her tears on the floor
I shake my head myself sometimes, cause nigga 'I don't even know"
All I do is think about killing anybody who
Try to run onto me, I swing and watch him hit con-concrete
They say 'why you mad? ', I say because these humans lie to me
Bitch

Rape victim, slay victim, take victim
Rape victim, slay victim, take victim
Rape victim, slay victim, take victim
Rape victim, slay victim, take victim

I woke up with the knife in my hand, aye aye
To murder the bitch was the plan, aye aye
I will never surface, feelings are abundant
Many men are of a dying breed
Plunge the knife into his throat and suck the blood of human out it's case,
dangerous

Toss it in the sky with me
Oh, wait, you can't get high as me
Bitch I think I'm [?] cause I just let my phone keep ringing loudly
Fantasy is leaving him for me, but I won't let it be
I don't give no fucks bout how she feel, I'm smoking lonely
I don't let hoes come home with me, I'm leaving with my morning fleet
'Fore I leave the store, she run out and try to reach for me
I've told her this the way it be, I kept a lot of love [?]
And when she heard that she just killed herself in front of me
Motherfucker
Motherfucker

I observe the father, walk into an alley
Probably go in just to take a piss
Slowly, surely, I will take position
Without hesitation, I will grab his wrists. (YEAAA)
Chop him, buck him, fuck him
I will stab him, scrat him, drag his body all across the map
Shower in his fluids
Kiss him, bite him, eat him
When I'm through, I'm fitting in to take a nap

Butterflies
Kidney Stones
Slit wrists
Vagabond
Concubine
I'm alone
Very holy when I'm not alone

Very holy when I'm not alone
Very holy when I'm not alone

```
Very holy when I'm not alone
Very holy when I'm not alone
Very holy when I'm not alone
Very holy when I'm not alone
```
