

I Only Came To Smoke

Xavier Wulf

I'm smoking while I'm loafin'
Choking reefer blunt
Three blunts I'm holdin'
Rollin up another one before this one is even done
They like "damn, where you from?"
Memphis, Tennessee lil' bruh
And we smokin on some shit that's stronger than your muscle, bitch
Everytime I'm gettin lit I'm sittin next to a bitch
But she ain't mine, she just wanna fuck when I'm finished
Last time I hit the dentist they said "Nigga stop that shit"
I said "What? Smoking weed? Hell to the nah you bitch"
Everytime I cop a sack the Dutch's go real well with that
Or the Backwood, if I'm in Cali nigga smoke that shit
Shoutout to my nigga Bones, smoking all day long
He hit the clinic more than niggas with some shit wrong
Every damn day rap niggas make the same song
Talkin about some bullshit
Take your lame ass home
I don't wanna talk no more
Bitch, I only came to smoke
If she ain't gonna roll some weed
Then why the fuck is she next to me, bitch?
