

## Just Know

Xavier Wulf

Nigga like me tryin' to count a hundred-thousand  
I'm a sight to see, yeah, that's why your bitch smilin'  
Plottin' on me, have you floatin' on a island  
Rounds on me, have you leakin' like a fountain  
East Memphis streets, you can catch a nigga loungin'  
Your bitch callin' me cause she want her pussy pounded  
Way they hate on me, man, I swear this shit's astoundin'  
Nigga play with me, in your blood you'll be drownin'  
Money, sex, and weed really all these hoes demandin'  
First I fuck your bitch, after that I leave her stranded  
Disrespect my set, I'll leave your block abandoned  
Control with them duckets, watch how quick I make you vanish

You know it's Fuhrer Woe when I'm faceless  
I should be the only nigga they should call dangerous  
I told the bitch, "I ain't interested in datin' shit"  
She said, "Well then can we just fuck?" I say, "Negative"  
Bitch, I don't know you niggas but I'm still aware of you  
Try to kill me, I cremate you, fuck a burial  
I'm a pro at aerial assaults from any area  
My area ain't easy to be beat, you fools is fearin' us  
East Memphis bangin' like some bees on us  
And shoutout to the seas, y'all should link and tuck  
And fuck a damn gun, put them deuces up  
I'on't see some men, y'all some sissies, bruh  
I'ma explode if I power up  
I need to sit my ass down 'fore I start some stuff  
And I'on't fuck with hoes that startin' stuff  
Cause all they want to do is get they credits up  
Bitch
