

Perusha Kyuaden (Persian Palace)

Xavier Wulf

Sesh

Hunnid one virgins, all my rugs Persian
Backwood burnin', I'm coming down swervin'
Power stay surging, feel it in my blade
Hands never shaking when I'm taking lives away
I'm never gonna spray, I'm never gonna pray
I'm never gonna ask God "Why the fuck me?"
I wasn't raised right, I did a lot of wrong
Cops calling home, check my room, and I'm gone
Young king Bones, hopping off the throne
Kissing bitch's babies on their heads like a pope
I give these crackers hope, I feed my bitches dope
All my girls hate me cause I never call home
But when I do, I'm back in the tomb
Mummified bitches from the floor to the roof
But when I do, I'm back in the tomb
Mummified bitches from the floor to the roof

Uhhhhhhhhhhhhhhhhhhhhhhhhhhhhhh

I told my bitch to go and hit the store
Just for me, and don't you dare bring a swisher home
Fuck with me, I'm smoking backwoods all week and everyday
And I never let a damn fool get in my way
Only question now, is what's the pay?
Fuck you mean, I be hustling all day
For the green, anyway, I get it anyway
And anyway, you got a problem? Come see me today
Bitch, uhh
