Call me Captain Hitsugaya
While I'm smoking frozen fire
Don't you swear that you get higher
Cause that might make you a liar, bitch
The sky just passes by, as the smoke floats higher
I stay high, bitch don't ask me why
Bitch this is my life
I'm alright, I be smoking right
All day and night
I'm on flights, higher than the flight
Do you hear me right
S.O.S, swing on sight you bitch
Bitch you just a bitch
Talk your shit
Boy I put the whole fleet to your neck
Boy respect, when you see right here
Bitch I am the king
Ice bling, ice gleam, I froze everything
I'm too clean
Hot water turns cold on me
While you hatin' your girl putting hearts on me
I don't like to really argue, cause that's not me
I'll kill you with some facts, then smoke my weed
Everyday I'm only working for what I need
Some of you niggas claim ya'll flexin' but you lyin' through your teeth

I stay high
Bitch I stay so high
Bitch I stay so high

I stay high
Bitch I stay so high
Bitch I stay so high

I stay high
Bitch I stay so high
Bitch I stay so high

I stay high
Bitch I stay so high
Bitch I stay so high

We stay high
We stay high
We stay high
We stay high
Bitch we stay so high
Bitch we stay so high

I sleep in polo clothes
I wake up with 4 hoes
My lungs is filled with smoke
It like I'm on a boat
And I be damned if I live rich then die broke
And I be damned if I give these groupie bitches hope
I fuck her so good that bitch don't moan like a frog she croak
And bitch I'm counting green, you sitting at home doing 5 reports

Let me know 1 thing can you answer this
If you can't relate don't handle it
Bitch my money growing big like an elephant
I'm low key, but I stay in my element
I can't lie everybody know it's evident
Like a chick man you niggas is feminine
Like a witch I'm aboard my enemies
Hold up pause cause you girl keep sending me
Most niggas try pussy
And I ain't even tryin' to waste my energy
Most niggas tried pussy
And I ain't even tryin' to waste my energy
Man I been the damn name
And all my niggas ballin'
But we in the same game
All your hoes kick me back
On some Liu Kang shit
And all my old hoes tell me I'm getting too famous
