Waaaaaan

I smoke so much weed nigga, some would say it's awful
Fuck the police and the government is awful
All they do is lie and that fact is really awful
Fuck your fucking law fool I'm floating like the stars do

Every time you see me, I be higher than a damsel
Rap game in shambles with fools by the handful
I be like "Damn no one sets a good example"
Bitch I don't do scandals come tell me what you mad for
Boy I beat yo ass do I have to even say more
Never trust a bitch if she friendly because she say more
European missions coming soon I see you later
Save me a blunt if you ain't never been a hater
Bitch

I smoke so much weed nigga, some would say it's awful
Fuck the police and the government is awful
All they do is lie and that fact is really awful
Fuck your fucking law fool I'm floating like the stars do

I smoke so much weed nigga, some would say it's awful
Fuck the police and the government is awful
All they do is lie and that fact is really awful
Fuck your fucking law fool I'm floating like the stars do

I smoke so much weed nigga, some would say it's awful
Fuck the police and the government is awful
All they do is lie and that fact is really awful
Fuck your fucking law fool I'm floating like the stars do

Catch me in the river floating down finna blaze up
Junglebook juice and some fruit from the acre
All my words written in the stone of my lair
Try to break through I clean your blood up later
Hollow squad mobbing through the world we colossal
Last fool that tried to try me is now a fossil
I don't play the radio cause all that shit is awful
All you rap niggas whack as fuck and it's awful
I can barely keep some damn peace and it's awful
I smoke a lot of weed, and when it's gone I feel awful
If I can't eat good I'mma feel awful
I have a job and it's to kill who I want to
Bitch

I smoke so much weed nigga, some would say it's awful
Fuck the police and the government is awful
All they do is lie and that fact is really awful
Fuck your fucking law fool I'm floating like the stars do

I smoke so much weed nigga, some would say it's awful
Fuck the police and the government is awful
All they do is lie and that fact is really awful
Fuck your fucking law fool I'm floating like the stars do
Bitch
