Sensei! Waah...
Good mornin'!
Yes? Go get the water
Bring it to me please, thank you
Uh, of course! Of course!
Everything is gorgeous today

I'm sittin' on the highest mountain
Watchin' over seas
Mind is the frozen one
The cold will make you bleed
Bitch

I'm sittin' on the highest mountain watchin' over seas
Mind is the frozen one, the cold will make you bleed (Bitch!)
If you come across it, you should turn around and leave
Cause if you sail through it, you goin' to die because you weak
I'm sittin' on the highest mountain watchin' over seas
Mind is the frozen one, the cold will make you bleed
If you come across it, you should turn around and leave
Cause if you sail through it, you goin' to die because you weak
I'm sittin' on the highest mountain

Watchin' over seas

Mind is the frozen one
The cold will make you bleed
