

## The Reason

Xavier Wulf

It was it is just because it's what it was bitch  
I'm in first class eating Ocafuka fish  
I'm in a whip doin' a 136  
When I get gas see me air down to 46

Bitch I forget who the fuck you think you're with speaking with  
I tell her bitch, I'll give a fuck instead of talking shit  
I did an arial attack, and then I'm spinning kicks  
I think I'm earlier, I'm pushing on my glasses

I got dinner plans out in Calabasas  
I do my middle finger up to the masses  
Walk up on me and I'mma make you walk backwards

I took his life like he simply did in my turn  
She tried to fuck and ain't even have to ask her  
I was in church selling weed to the Pastor  
I'm at the bar sipping whiskey with disaster  
You tryna catch me you gonn' have to drive faster  
I've got more horses than a Texas ranch master

It was it is just because it's what it was bitch  
I'm in first class eating Ocafuka fish  
I'm in a whip doin' a 136  
When I get gas see me air down to 46

It was it is just because it's what it was bitch  
I'm in first class eating Ocafuka fish
