

# Watch Yoo Back

Xavier Wulf

Gotta roll to the pad  
Count up my profit and add it to the stash  
Gotta watch my back see niggas here (be out to rob me, fools)

Hittin up licks with a clique  
That don't give a shit bout shit  
But a clip and a grip  
Just post don't dip  
When I get a signal, nigga peel that bitch  
We do this shit  
Gotta getaway quick  
Hit a fence I'm a ditch  
That bitch that snitch  
Don't never snitch up and this shit shoulda never said shit  
Stupid ass trick gotta get him quick  
I'm out nigga no doubt about it you better not shadow I can't give no doubt  
and I doubt that if you really can get out with my foot in your mouth impos-

But I'm quicker when I don't aim  
So what  
I'm iller mane  
Straight insane in the brain  
But I will say I came to leave a nigga in vain  
Tell em to tell him to sit in a cell  
My little piece of hell  
Knowing damn well  
I could've been in jail  
Nigga done tried to rob me and failed  
They'll never live to tell  
Wish I could wish em' well  
Buttin your way to hell  
Close as a tattletale  
Trying to lose them shells  
I gotta fuckin' bail  
Nigga fuck the sale  
Police pullin up I gotta save myself

Phonk in my blast  
I got em at last  
It's time for the goons  
To take out the trash  
I roll them in hash  
And blow to this ash  
I'm king of my throne  
The phonk, it will last  
I'm crazy for cash  
I thought I was last  
If I was to try to take out my eye  
I'm sitting outside  
Then pull it up inside of his ride  
No second, no hide  
I'll get you tonight  
Nigga get running get down I'll turn em to donuts  
He should have been cautious  
I'm taking no offense  
His head comin' off and he gone' need a coffin  
I'm taking no losses  
I'm steadily bossing  
I do this shit often  
I'm sick when I'm coughing  
He swim with the dolphins  
I'm killin' em off quick  
And I don't give no fuck about no bitch, bitch  
I'll gladly dig ditch with flowers  
And all of that shit  
For you and or yo' chick  
Nigga you better think quick or I'll have to fuckin' split  
Matter of fact just gimme yo grip, be a hero for you and your bitch  
Nigga bow down to the clique  
That hits many of licks  
And gets away, lit every time  
Wrong plans of a beautiful crime  
Success is employed from time  
And I'm down to clown the sounds of rounds around to now
