Turn it off
The screen in my head (Hey, hey)
Look around
Can you feel what's real? (Hey, hey)
Salute to the intangible king
Was told to kill for my peace
Want to submit completely
Whether it fits or not, die

Ooh, ooh, ooh
War is peace and freedom's slavery
Ooh, ooh, ooh
Ignorance is strength, oh, God

A world that says the truth is a lie
A trial that shows a lie is the truth
Don't tell me lies
I'll crush you hiding in the ironic screen
Oh-oh-oh
Want you to join
Oh-oh-oh, oh-oh

No way to break away
You're caught in lies that never end
Why don't you wave your flag
Oh, is it white?
Remember, this very moment
No one's here to find you

A night without the moon, alright, tonight's the night
If you're thinking the same as me, you
Say, "Hell, no"
(Say, "Hell, no")
Now rise, rise, the time is up
A guy like me had enough
There's no such a thing as perfection
Knock it off, beautiful life

Ooh, ooh, ooh
War is peace and freedom's slavery
Ooh, ooh, ooh
Ignorance is strength, oh, God

A world that says the truth is a lie
A trial that shows a lie is the truth

But love, oh

Between the truth and a lie, who's louder?
Those speakers only splitting out chaos
Don't tell me lies
I'll crush you hiding in the ironic screen
Oh-oh-oh
Want you to join
Oh-oh-oh, oh-oh

No way to run away

You're lost in nights that never end
Why won't you wave your flag
