Please please let me give you smile and tear

The moment that I feel like you're a devil
You turn into an angel and comfort me
After pushing me off the cliff
You save me by stretching out your hand
Your feast made with my heart (Hell yeah)
Endless spread of salty and sweet (Hell yeah)
Addictive so that I keep on asking for you (Coldly)
You say while smiling "You're eating well"

You return me to the beginning no matter how much I run
Reverse me back if I try to resist
The sentence that you've engraved in my head
You're the only one for me

You keep making me give up on giving up on you
This world always gives me love and fear
I admit, I am weak, I am rather happy still being bound by you
Please, please let me give you smile and tear

This pounding in my heart I feel right now
Is it a flutter or a fear (In my mind)
This breath I exhale toward you
Is it a relief or a lament (Don't know why)

I see myself falling in deeper as I'm trying to escape
The only part on the beginning of this love is vanishing
The sentence that you've engraved in my head
Only you can control me

You keep making me give up on giving up on you
This world always gives me love and fear
I admit, I am weak, I am rather happy still being bound by you

Please, please let me give you smile and tear

Bring it on, on and on
Stir it up more, left and right
Not enough, I need your love
Make me yearn more (Day and night)

You keep making me give up on giving up on you
This world always gives me love and fear
I admit, I am weak, I am rather happy still being bound by you
Please, please let me give you smile and tear
