I'm better off oh
Anyway, I've become more comfortable
I'm fine, so get lost oh
I'm glad to see the shadow I found in silence
I'm here
Shining precariously
Just floating around in no gravity
I'm not here anymore
In the small cardboard box
No one can hold me back

4 billion miles
That's nothing between us
Even if no one has seen it
The moment I close my eyes
I become clear
Even if we can't see each other
I can already feel
Getting closer to your universe
The moment I close my eyes
It becomes clear

Ah ohh
So don't you dare me, don't say I can't
I'll still be standing, here's my universe
It's getting stronger, breaking everything that held me back and shining (ah
)
I'm burning like a glowing star
(Eh! Burning like a glowing star)
Beat it, beat the fire
The sun is rising higher
Mumbling, turn around
They don't see who's on fire
(Ohhh) don't define me
(Ohhh) 'cause you don't know me
(Ohhh) I'll go all the way
Burn like a glowing star

4 billion miles
That's nothing between us
Even if no one has seen it
The moment I close my eyes
I become clear
Even if we can't see each other
I can already understand
Getting closer to your universe
The moment I close my eyes
It becomes clear
