Xenia

Hush for a minute  
This'll only take a minute  
Go on dive head-first  
Into your grave  
Sit with me in silence  
Too much noise to fill the silence  
Why does it have to be this way

And I'll hold you hostage  
I'll lock up your cage  
Don't mean to be sus  
I'm making monsters out of us like

And I long to live inside your body  
In the palace of your mind  
Take all of your time  
Is that such a crime  
Take my hand and try it  
I promise that you'll like it  
I'll tie gold chains around your waste

And I'll hold you hostage  
I'll lock up your cage  
Don't mean to be sus  
I'm making monsters out of us like

So I'll hold you hostage  
I'll lock up your cage  
Don't mean to be sus  
I'm making monsters out of us
