

Ghost Tape Number 10

Xentrix

Honest ground to kill zone of trick and deviation
Strategise the sky, rain down to penetrate the mind
Settle now to listen back at misdirection
Reaching out, a threat of voices haunt the same

Beware the voice the speaks to me
Some other void can never be
Affect the host psychology
Beware the voices taunting me
Hard to avoid but never seen
It's hell out here now my body's gone
I'm never coming back, m condemned to wonder on
Here with me all are fallen men
Signed off, the haunted cry
