

[Music & lyrics by Xerath]

Detached at any moment  
The great beyond  
Ruthless lament  
Just a facet of life  
Just a facet of time in death's eyes  
The one, the end, the only truth  
When it sinks,  
You realise your story  
Beyond reason we turn  
The call, the presence  
Of illusion  
Illusions of mind  
Of mind  
Of the lucid soul  
Memories, of darkness within  
Us all  
I am the victim of a new world  
With false corruption  
New world desire for blood shed  
Behind the powers that be  
Dictates it all  
Man
