

# HOWLING

XG

First we rock  
And that's how we roll  
Block is hot  
Cuz x took that throne  
Tough as diamonds  
No sticks and stones  
Dots connecting like tic tac toe

Lights go out  
And my pack just grow  
Opposition my prey my foes  
Game of hunger  
I bring that smoke  
You don't want no smoke

Fangs out  
Attack on three  
That's a man down  
I been throwing these paws  
Like a handout  
Too many cappin' I be  
Losing headcount  
See the red dot?

I like to cook  
So I hunt for my dinner  
My appetite only get  
Bigger and bigger  
If I turn wolf  
Then it must be a thriller  
Woke up in blood  
So I must be a killer

No way out  
When it fades out  
Can't hide in the dark  
Cuz when the moon light  
On a full rise  
Is glowing down

Nothing can stop or endanger us  
So don't play with us  
Could be dangerous  
So run if you hear the sound (The sound)  
'Cause that's how we howl

Ah  
Woo woo woo  
That's how we howling  
Growling  
Wildin'  
That's how we howl

Ah  
Woo woo woo  
That's how we howling  
Growling

Wildin'  
So where are you now?

Moonwalk on a rooftop  
Like a wolf I move like nat geograph  
With a zoom shot  
Hoorah huddle up  
Bring in the whole squad  
These plays is not for you to re enact

First down  
And you know how we adapt  
Touch down  
And you know how we impact  
Caught the throw  
Got the goal  
Rewind the video  
Do I really gotta run it back

You unleashed the beast  
Call it wolf gang 'cause we bout to feast  
Call it firsthand a new type of breed  
Never cease I got mouths to feed

Listen you hear the howling  
Sound of a couple thousand  
Alphas now the fear surrounding  
I move in silence  
Brute like a group of wildlings  
No choice but to choose the violence

Can't break out  
No escape route  
There's nowhere to hide  
It's close to midnight  
And the night skies  
Come haunting down

Nothing can stop or endanger us  
If you anger us  
Could be dangerous  
So run if you hear the sound (The sound)  
'Cause that's how we howl

Ah  
Woo woo woo  
That's how we howling  
Growling  
Wildin'  
That's how we howl

Ah  
Woo woo woo  
That's how we howling  
Growling  
Wildin'  
So where are you now?

Welcome to the wild  
Where the strongest ones survive  
Too late to run away  
You better kneel and pray  
When we're howling in the dark

Ah  
Woo  
That's how we howling  
Growling  
Wildin'  
That's how we howl

Ah  
Woo woo woo  
That's how we howling  
Growling  
Wildin'  
So where are you now?
