NEW DANCE

XG

To the X, to the X
All the lit girls get down with the X, hey

Slide with my girls to the party (Gon' slide)
We ain't come to bother nobody (Nobody)
We just came to have a good time (Good time)
Movin' our body, body (Ayy)
See me get in down on the floor (On the floor)
I walked into the show (Show)
I just learned a new dance
They ask me how I do that

Step on the floor and I'm killin' him
All the cute boys want to dance with me
I'm gettin' 'em
I just put my hands up on my hips
And I do a little step with my feet like this
Don't you get to dizzy tryna keep up with me
I be movin' too fast like whiplash
I blow past your girlfriend
Yeah, we get it down with the get down
If you don't know how to do it, then just sit down

I just learned a new dance, new dance, new dance
I just learned a new dance, new dance, new dance
I just learned a new dance, new dance, new dance
I just learned a new dance, new dance, new dance
(To the X, to the X)
All the lit girls get down with the X, hey

Slide with my girls to the party (Gon' slide)
We ain't come to bother nobody (Nobody)
We just came to have a good time (Good time)
Movin' our body, body (Ayy)
See me get in down on the floor (On the floor)
I walked into the show (Show)
I just learned a new dance
They ask me how I do that

First thing you gotta do if you're gonna do it
Slide to the left and the right now (Woo!)
Dip your hip low like me, baby (Oh)
Now come here, let me find out (What?)
You gotta do it, gotta move it to the music
Like you really feel the rush now (Hey!)
Don't want to hold back go crazy
Yeah, you got it

I just learned a new dance, new dance, new dance
I just learned a new dance, new dance, new dance
I just learned a new dance, new dance, new dance
I just learned a new dance, new dance, new dance
(To the X, to the X)
All the lit girls get down with the X, hey

Slide with my girls to the party (Gon' slide)
We ain't come to bother nobody (Nobody)

We just came to have a good time (Good time)
Movin' our body, body (Ayy)
See me get in down on the floor (On the floor)

They ask me how I do that

We just wanna dance all night
This beat has got me feelin' alright
So take that step and turn around
Spin around, touch your head to your toes
Long as you steady, keep your eyes on the floor
Don't care who's watchin'
Let me show you how it goes

Pop, pop, pop, pop, lockin', I drop it
I been on the move and I been non stoppin'
Never miss a beat, we got ya head boppin'
Waitin' for this moment, never gonna let it go
Turn up, turn up, the music now
Get up, get up this is your time
