Nothin'

XG

Home, home
Home, home

Homeboy, we came to party
God's favorite like a N.O.R.E
When we rappin' about it, we can back it up
But you don't want the rest of my girls to start actin' up

What you gonna do (Nothin')
What you tryna' do (Nothin')
What you gonna do (Nothin')
What you tryna' do

Still young and the bars nothin' under sixteen
This that 02 flow like bootlegged mixtapes
Too phat, pretty hot and temptin'
My body ain't thick but I got thick skin
Look □□□□ □□ drama □□ □□ commas
Heavy rotation, go and check the algo
Who would have thought that the kid would go viral
C to the O-C-O, now she a problem
Wildin' out without carryin' a canon
But they got their hands high like a stick up fanatic
I make it look easy □□□□□□□□□□
Yeah, the styles addictin', try and take a crack at it leggo
Makin' chess moves, step to the Neptunes
Chillin' wit my b-boy stance then lean back
True playa for real, never miss, y'all already know
Still haven't taken a L so what you gon' do

Homeboy, we came to party
God's favorite like a N.O.R.E
When we rappin' about it, we can back it up
But you don't want the rest of my girls to start actin' up

What you gonna do (Nothin')
What you tryna' do (Nothin')
What you gonna do (Nothin')
What you tryna' do

I spit trilingual, that's a special delivery
Articulate, triple threat, artillery
Internet trolls too □□□□ act □□□
Ain't nobody got time for that wack energy
Asian wit a attitude
Yeah, we gon' act a fool
You and me are not on par on any platform
Guerrilla mode with the bathin' ape camo
They don't know 'bout that old school smoke no Joe Camel, ooh
Alphaz on deck, put some respect
On them two letters then follow like Simon says
Twenty-four-seven, three-six-five
XG 'bout to break ya idol stereotypes, uh
J-U-R go in on the mic
When Coco step in, beware of the □□
Get lost in the cypher sauce heavy on the spice
Music makes me like

La-la-la-la-la-la-la-la-la-la, la-la-la-la-la-la-la-la-la-la
La-la-la-la-la-la-la-la-la-la, la-la-la-la-la-la-la-la-la-la
La-la-la-la-la-la-la-la-la-la, la-la-la-la-la-la-la-la-la-la
La-la-la-la-la-la-la-la-la-la, la-la-la-la-la-la-la-la-la-la
