

Two Tens

XG

Two twins and we both tens on the mic
Two lil asians like "What's all the hype?"
If we ate the last tape then no crumbs left tonight
'Cuz we got what it takes to rock the mic right

XG pushin' XP, breaking boundaries
Hit different, built different, new breed
The duo dynamic wreak havoc on the scene
Maya, Harvey be getting busy like Bone in harmony
Top tier, that's a big drip, prolly out ya league
(So what we doin') Make 'em big mad but do it humbly
But, honestly there's no such thing as mediocre heat
The nerve on these girls tryna' pop off on a J Cole beat
Only good vibes, none of that negative energy
I can do this all day, no cap, till infinity
Atarashii geshiki demo shoshin suezaki re zuni
Stick with the shots like John Wick when I'm killin' it
Stats stackin' immaculately, super saiyan, slayin' it
Mataa geru level sugu tsuginaru layer ni
Dasi tto bonttaereul boyeojwo Paak'dae goge daebakaeng
We don't sleep on bars or word play machi igeon sagikae

Two twins and we both tens on the mic
Du dongyang kkomaengideul mwoga geuri nalli
If we ate the last tape X sekkittomeokbangham
'Cuz we got what it takes to rock the mic right
Two twins and we both tens on the mic
Uchira ni makase riananno mondai monai
Tabetsukusu beat bakumo zan sanai
'Cuz we got what it takes to rock the mic right

Look, two tens tag team, double trouble
Pre G-O-D, that means we on the come up
Still shootin' stars, bang-bang, keep shinin' on 'em
That's my ride or die on my side, plus I got five on it
I said two tens times that we keep it hundred
Ten out of ten, we ain't doin' nothin' less than perfect
That's the purpose demo mada joshou hajimuma tsutabatsuka
Subliminal kids ain't tryna' hurt no feelings unless the shoe fits
Two tens or cool kids
They don't know 'bout it, too clueless
Who can do this im ppeonggeun motaneun jujedeul kkabureo dae
Rough necks 'bout to wreck shop 'cause a rucklus rap suplex
I'm too blessed, check the YouTube reactions
Who got the juice? (Deuces)
