

UNDEFEATED

XG

Undefeated
That's why they call me
Undisputed
I'm ranking up
Another season
I been about my stats
Now would you look at that
That that that that

Undefeated locked and loaded
We about to blow
Caught 'em with that left right
Leave 'em tapped out on the floor
San ni ichi
Sticky swishy
Watch me bank a score
Up in the board
I'm in the zone

Gojira fire the breath
King of the jungle I'm beating my chest
They say I'm posing a threat
Just took a dub and I'm cutting the net

Ring on my finger baguettes
Like playing chess and I
Don't even sweat
That's what I call a finesse
That's what I call a finesse

Ain't no rivals ain't no rivals
They can try
But they're never ever slowing me down
On arrival this is my show
Crossing my heart
They know we are

Undefeated
That's why they call me
Undisputed
I'm ranking up
Another season
I been about my stats
Now would you look at that
That that that that

I pop one with a jumper
Then I adios gotta go
I'm that primadonna make 'em do the most
Not enough
I'm just warming up
We up in the cut (Oh)
I'm ready to hunt
Time to eat it up (Oh)

One, two step look who's scared
Now you on the run

You gon' hear my sound track go
Dun dun dun dun
I be starting riots when I pull the stunt
I got 'em shook I'm on a roll
Check on my stats

Ain't no rivals ain't no rivals
They can try
But they're never ever slowing me down
On arrival this is my show
Crossing my heart
They know we are

Undefeated
That's why they call me
Undisputed
I'm ranking up
Another season
I been about my stats
Now would you look at that
That that that that

Hey
Even though it's been a long way
Even at the top, I'm wide awake
Yeah you know it's XG
And we'd do it all again
We the ones that can't beat
Just remember the time
Remember the climb
Now the glitter and shine
We on top of the world
Need I remind you
They know we are

Undefeated
That's why they call me
Undisputed
I'm ranking up
Another season
I been about my stats
Now would you look at that
That that that that
