Every step feels heavy, outside the blanket seems dangerous  
I close my eyes and exhale, hello, my name, what's my name?  
I seem to melt like ice cream, oh no, no, no, deeper  
My trembling voice, please, stop for a moment

Twinkling stars often whisper to me, because they are pure  
Telling me not to worry  
Intoxicated by starlight, what am I doing? I can't think of anything  
I want to go as "I," not "E," and start anew  
Liar

Why did you cry? Why did you cry?  
Why did you? Why did you? Why did you?  
Why did you cry? Why did you cry?  
Why did you? Why did you? Why did you?  
Why did you lie? Why did you lie?  
Just a coward  
Why did you cry? Why did you cry?  
Why did you? Why did you? Why did you?

Dangerous, can't be honest, you stay by my side  
Don't smile, it's serious, don't know, tell me why  
Okay, I've prepared fully, my heart is about to burst, beat up  
Thumping, going crazy, no need to hide your face, no reason to be timid  
I won't give up, I'll gather courage, make "shy" shining  
Let's throw off the blanket and go outside, like a cat? Naturally a tiger

Twinkling stars often whisper to me, because they are pure  
Telling me not to worry  
Intoxicated by starlight, what am I doing? I can't think of anything  
I want to go as "I," not "E," and start anew

Why did you lie? Why did you lie?  
Just a coward  
Why did you cry? Why did you cry?  
Why did you? Why did you? Why did you?

When countless people look at me, the whole world turns white  
I didn't know where this trembling was coming from

Tears, bye, bye, I don't know about cowards  
Yesterday, bye, bye, I ran without hesitation  
Words are easy, but who can't speak them? Every step was difficult for me  
Instead of hiding, take a deep breath and da-da-da-da-da  
Hello, I am a tiger

Why did you? Why did you?  
Why did you? Why did you?  
Just a coward  
Whoa  
When countless people look at me, I feel the excitement  
I don't know where this trembling is coming from, but  
I am a tiger
