It's my serenity

Somewhere beyond the bright sky
The things that I forgot for a while
They seem to be coming back to my mind

I always stayed in the same place
Look at me who is different from before
The countless pale nights that stayed up
It's just a memory from the past

Open my eyes and slowly raise my head
Just take one step at a time
Following my pounding heart
To the place I found serenity

Waking up to the morning air
A fresh start to a new day
A second chance
Okay, let's do it
Always holding my breath
On days when I shed tears
In the midst of all that
My heart has become stronger

I'm going to show you, and you'll be able to see it
Erase everything one by one
Even the sighs that I let out
Now I want you to hug me warmly

Open my eyes and slowly raise my head
Just take one step at a time
Following my pounding heart
The place where I found

And I, listen
This moment that has unfolded
Shout out loud
It's my

In my trembling eyes
I want to fill it up
Open my eyes and slowly raise my head
I'll carry on with that dream
That's brilliantly carved out

And I, listen
This moment that has unfolded
Shout out loud
It's my serenity
