

I Ain't Mad at Cha

xLooking Forwardx

Me and you just a few years back.
We were friends til the end.
The world was white and black.
Then stupid things were said and now it's all gone grey.
My pride got in the way.
I never said the things I wanted to say.
Let's let it go.
I'm sorry friend.
I just want us to let it go.
I'm still your friend.
We'll still be bros.
And I want you to know.
A few years ago I said I wanted you gone.
I swore it'd all come back.
I thought I couldn't be wrong.
But now my hearts changed.
I found a better way.
And I want us to be bros just like we were back in the
day.
I say we let it go man.
I just want you to know.
I'm still your friend bro.
I say we let this go.
