Sleepwalker

Xmal Deutschland

```
I watched you sleep
I watched you dream
While moons
Have passed and slipped away
Oh, it could have been years
Or only seconds ago
Do you wonder
Where you are going to?

You're moving ahead of the world outside
Sleepwalker
When you've gone and slept away
Sleepwalker
The tide is out, high or low I cannot follow you
Sleepwalker
And wide awake
I'm bound to stay on the edge of time

Oh I wish I were you
Or only could know
If you wonder
Where you are going to?

You're moving ahead of the world outside
Sleepwalker
When you've gone and slept away
Sleepwalker
The tide is out, high or low i cannot follow you
Sleepwalker
And wide awake
I'm bound to stay on the edge of time

You're moving ahead of the world outside
Sleepwalker
When you've gone and slept away
Sleepwalker
The tide is out, high or low i cannot follow you
Sleepwalker
And wide awake
I'm bound to stay on the edge of time
You're moving ahead of the world outside
Sleepwalker
When you've gone and slept away
Sleepwalker
You're moving ahead...
