

CALLING

XODIAC

Yah, yeah

Any day and night
You're the comfort in my zone
Even if I don't let go
Many times I wished, baby
We were just alone
You're the coolest that I know
Even if I call you back
Even if I try to call you back
Even if I want you back
Even if I want you back, oh

Always thought you
Were the one for me, girl
I knew it even through the night fall
You called even though I thought like it
Wanted me to know so
And I won't give up
Even if you asked to go
Every single time is gonna
Work just fine and I
Memories gonna lock us up
Baby, you and I, ooh

Baby, I am calling you
Throughout the night
For you're my number one
And I, I want you by my side 'cause
Calling you again
You're like a fairytale
And I, will dream of you so
Let's just give it one good try

Baby I just want to make you loved
And I, gotta be strong and
And I just gotta be alive

You can be yourself
I will love you as you are
Even if your time is rough
Took my heart away
You will make it up tonight (Yeah, yeah)
You're just special to me, girl (Oh)
Promise me, you'll call me back
Even if the line was down so bad
Promise me, you'll want me back
Baby, I just want you back, oh

Everyday you're always on my mind. girl
I held it even if you're done for
That call, you're the special one like
The best you just deserve, so
And I will turn up, maybe it is time to go
Every little thing is gonna be so fine
And ah, lady, you're just my dream girl
Just us, you and I, oh

Baby, I am calling you (Hey)
Throughout the night (Oh, oh)
For you're my number one
And I, I want you by my side 'cause (Hey)
Calling you again
You're like a fairytale (A fairytale)
