

LEMONADE

XODIAC

Lemonade
I just wanna glass of
Lemonade
Throw it throw it back like
Every day
I can't get enough no
Gimme more
Gimme more
Gimme more
Gimme more
Lemonade

I just wanna know ya
Ice cube, couple lemons and some soda
Mix it up with a little sugar make it sweeter
Shake shake and make it drip like that
Make me loco
When she pour it me yeah I gotta go go
Got me flying to Rio over from Tokyo
Cause she got what I'm needing yeah
She always on my mind
Got me drinking all the time
Oh yeah

I've been in need of some real love
Ooo I've been craving the good stuff
I've been so thirsty
So pour it up pour it on me yeah

Like lemonade
I just wanna glass of

Throw it throw it back like
Every day
I can't get enough no
