

DOMINATOR

XOLIDAYBOY

Oh, you're asking me to be harder, harder
Cause my lollipop bigger than Santa, Santa
Iron cock just like a terminator, harder
Get down on your knees front dominator, harder

You always on top, that a man was a boy
Now you want to become a thing, become toy
I look like a girl, not only you want me (Uh)
But your boyfriend also needs a craziest freak (Давай, давай)
There are a lot of faces around me (Давай)
But I'm so sad still lonely (Давай)
They lie about love, is funny
They lie about love, is funny
There are a lot of faces around me
But I'm so sad still lonely
I'll fuck them with big dick made of money (Еблан)

Oh, you're asking me to be harder, harder
Cause my lollipop bigger than Santa, Santa
Iron cock just like a terminator, harder
Get down on your knees front dominator, harder
