

# Baptized

Xov

I want our souls baptized  
Everything on rewind, yeah  
We could have a good time  
If we forget about our past lives

I want our souls baptized  
Everything on rewind, yeah  
We could have a good time  
If we forget about our past lives

Let me swim in that body until I'm fucked up  
Ain't no stopping this party until the sun up, the sun up  
Wet, let's get wet  
Swimming pool set  
Infinity edge, uh

I want our souls baptized  
Everything on rewind, yeah  
We could have a good time  
If we forget about our past lives

I want our souls baptized  
Everything on rewind, yeah  
We could have a good time  
If we forget about our past lives

You that cocaine chic primadonna  
I'm that lone black sheep in the corner  
Baby let's get wet like it's summer  
Baby let's get wet like it's summer  
I don't need no fix to go to heaven  
All I need's my girl, no reverend  
Baby let's get wet like it's summer  
Baby let's get wet

Let me swim in that body until I'm fucked up  
Ain't no stopping this party until the sun up, the sun up  
Wet, let's get wet  
Swimming pool set  
Infinity edge, uh

I want our souls baptized  
Everything on rewind, yeah  
We could have a good time  
If we forget about our past lives

I want our souls baptized  
Everything on rewind, yeah  
We could have a good time  
If we forget about our past lives

Let's escape the noise  
If happiness is a choice  
I'll give it all to you baby  
All to you baby  
Escape the noise  
If happiness is a choice

I'll give it all to you baby  
All to you baby

I want our souls baptized  
Everything on rewind, yeah  
We could have a good time  
If we forget about our past lives

I want our souls baptized  
Everything on rewind, yeah  
We could have a good time  
If we forget about our past lives
