

Gotham

Xov

Forgive me, I fucked up
This ghost town need your love
This Gotham, this Gotham
This Gotham

Carried kids out of water (water)
Seen tiny death (death)
Exploited my privilege (privilege, privilege)
It's a dark, twisted world (world)
I never learn (learn)
I'm still burning (burning)

You cut the chains, you cut the chains
To the chandelier, baby, make it rain
Make it rain diamonds, make it rain blades
I'm just a street poet, lost in it

Forgive me, I fucked up
This ghost town need your love
This Gotham, this Gotham
This Gotham (ey, ey, ey)
Emotions runnin' wild, GTA, flame-thrower
Jacked a purple van, blew it up, game over
This Gotham, this Gotham
This Gotham

Liquor store epiphanies at 3 AM, Mary Jane
Buried all my enemies and killed some friends
I was fighting wars you can't comprehend, no you can't
Made a young-blood hustler to a man

You cut the chains, you cut the chains
To the chandelier, baby, make it rain
Make it rain diamonds, make it rain blades
I'm just a street poet, lost in it

Forgive me, I fucked up
This ghost town need your love
This Gotham, this Gotham
This Gotham (ey, ey, ey)
Emotions runnin' wild, GTA, flame-thrower
Jacked a purple van, blew it up, game over
This Gotham, this Gotham
This Gotham (ey, ey, ey)

Gin and juice, bitch, I'm cold as ice
Undo the tsunami in my mother's eyes (yeah)
Oh-oh-oh
I'm just a street poet, lost in it

Forgive me, I fucked up
This ghost town need your love
This Gotham, this Gotham
This Gotham (ey, ey, ey)
Emotions runnin' wild, GTA, flame-thrower
Jacked a purple van, blew it up, game over
