

Guns & Ammunition

Xov

I've always been a rebel
In business with the devil
Invited to the enemy [?]
Guns and ammunition
To get to this commission
I'm rollin' in the deep
Might be restin' with the fishes

Ooh, what have I done?
I'm the burnin' man
Ooh, what have I done?
I'm the burnin' man
Can't you see how they've watched me
Applauded me, waited for this day
To set me on fire
And put it all on display
Ooh, what have I done?
I'm the burnin' man

Fuck your love
I need guns and ammunition
Guns and ammunition
Guns and ammunition
Fuck your love
I need guns and ammunition
Guns and ammunition
Guns and ammunition
Fuck your love

Enemy of this day
All my enemies play
'Till I become the enemy and everything is too late
A wall of fire pistols
A citizen at war
Sometimes I just feeling like blasting more, blasting more

Ooh, what have I done?
I'm the burnin' man
Ooh, what have I done?
I'm the burnin' man
Can't you see how they've watched me
Applauded me, waited for this day
To set me on fire
And put it all on display
Ooh, what have I done?
I'm the burnin' man

Fuck your love
I need guns and ammunition
Guns and ammunition
Guns and ammunition
Fuck your love
I need guns and ammunition
Guns and ammunition
Guns and ammunition
Fuck your love
[2x]

A pistol to his head
Where's the fuckin' money
A pistol to his head
Where's the fuckin' money
One touch and he's dead
All for the money
All for the money

[2x]

Fuck your love
I need guns and ammunition
Guns and ammunition
Guns and ammunition
Fuck your love
I need guns and ammunition
Guns and ammunition
Guns and ammunition
Fuck your love
