

Money

Xov

I'm always chasing money
But money never stays
So I'm forever running
Running with no brakes

I told myself I'd never
I'd never ever change
But money got me trippin
To money I'm a slave

I'm the richest poor man
I got a rich mans problems
My heart is pumping red, still
But I'm trapped in this rat wheel

Money money money
Money money money

Diamonds, stones and treasures
The rivers that I seek
Take me to that ocean
The gold beneath the sea

I told my ma I'd never
I'd never let her down
So I'll be chasing endless
Till I get the crown

I'm the richest poor man
I got a rich mans problems
My heart is pumping red, still
But I'm trapped in this rat wheel

Money money money
Money money money

Always chasing money
But money never stays
So I'm forever running
Running with no brakes

I'm the richest poor man,
I got a rich mans problems
My heart is pumping red, still
But I'm trapped in this rat wheel

Money money money
Money money money
