

Now I see those flashing lights  
They sparkle in my eyes  
So all I do is try (try)  
To find my way inside cause I'm blinded by the lights  
(Lights, lights, lights)  
Cause I'm blinded by the lights  
(Lights, lights, lights)

Look  
I'm waiting outside of the club looking dumb cause I'm stuck in this line  
I swear to Christ, thank God for McDonalds  
Cause the Dollar Menu saved my life a couple of times  
I'm the One Eyed King in the Land Of The Blind  
Trying to break through the door like a fan of the Shining  
Didn't know how to act on the job scene  
So I sold beats, just like a side thing  
Everybody been sleeping on me so long you would think they would realize my dream  
I be on the road like Sonic but as soon as I hit a block they wanna take my rings  
I never saw beauty in the lights  
But today I just might cause they look so blinding  
I just hope I stay clear like a medic chest kit  
So I brought my Visine

Now I see those flashing lights  
They sparkle in my eyes  
So all I do is try (try)  
To find my way inside cause I'm blinded by the lights  
(Lights, lights, lights)  
Cause I'm blinded by the lights  
(Lights, lights, lights)

Went from Smallville to Metropolis  
I was blinded by the lights so I never looked at college  
They said, "Don't go into the light" (why?)  
Cause when you do you go into the life  
And you ain't ready, even 'Ye went crazy  
When people don't even know me and they say they hate me  
And ever since they talked about girls degraded  
The video/girl rate has slightly downgraded  
I sho' would do the girl with a very nice shape  
And an alright face and they'll say he'll take it  
Cause they can get steak no matter how it taste  
Just the fact that you don't really wanna waste it  
So I can't say that I don't wanna make it  
Can't go back to selling weight out the Day Inn  
Trying to get rid of all those memories like the Haitian  
And now I know my destination

Now I see those flashing lights  
They sparkle in my eyes  
So all I do is try (try)  
To find my way inside cause I'm blinded by the lights  
(Lights, lights, lights)  
Cause I'm blinded by the lights  
(Lights, lights, lights)

Stevie Wonder, Ray Charles  
I'm blind to it all  
Viagra, up for so long  
Niagara, hope I don't fall  
Looking back, they all said I was too small  
Now look who's surprised I started to ball  
Nah  
Not like Chris Paul  
More like I just pissed all Cristal  
Shitted out the fruits of my labor  
Flash the wrist shit, look like a light saber  
Chewbacca, chinchilla for all the Lalas  
Dark shades on  
Darth Vader  
Fought with white dudes with green paper  
Who probably wouldn't want me as a neighbor  
But if it suits me I'll get tailored  
With a Style so Sheek make 'em think Jada  
Wasn't easy, had to think BASA  
Put myself to use and no not waste a  
Talent I was given  
Now I'm so driven, I chauffeured but I'm still back in [?]

Now I see those flashing lights  
They sparkle in my eyes  
So all I do is try (try)  
To find my way inside cause I'm blinded by the lights  
(Lights, lights, lights)  
Cause I'm blinded by the lights
