Every Time You Go

From the bus, to the car, to the jet way
In a rush, I be gone, til' the next day
Can't say, I'll be here for long cuz I can't stay
I gotta run, gotta soar, like it's Leg Day
Yes Way! No Shot! Won't Stop
Don't waste time, judges give out a whole lot
Some people globe trot, just for the back drop
Gotta take a snap shot, flickin' EVERY TIME YOU GO
Yeah, I know, Emoji With The Eye Roll
When I say I miss you but I'm missin' where did I go?
She already stressed, and I ain't tryna fight
But when she think you left, it's hard to make it right
They brake at yellow lights I'm running em'
Ya'll throw shade and it be night, I'm sonning em'
Cuz I'm like none of em', you already know
And she say it just ain't the same, EVERY TIME YOU GO, NO!

Every Time You Go

From the curb, to the interstate express way
To the top, I'm only taking my best traits
Putting light on what I got inside, that's a X-Ray
X-Games, she on board, might get a leg sprain
Tryna give me a night to be remembered, So that
Before I leave I might just reconsider
She told me she sent a video to my phone
You can watch that alone, baby, (EVERY TIME YOU GO)
Woah! My mind might've changed
If only I didn't have my mind on my change
Wit' my eyes on the game, I was raised sitting court side
Used to reside on the Koch Arena Northside

Now it's NYFW with the Bowtie
So Fresh, So Fly, wit' the Blow Dry
Just keep showin' real ones love
Let em' know where you from! (EVERY TIME YOU GO) Yeah!
