

Giving up Song

XV

Jerm on the boards

Yeah

Aye Jerm

You captured my feelings perfectly with this one

Yeah yeah

Can't take it no mo'

Can't fake it no mo'

Gonna say this one time

Won't say it no mo'

Been givin' my all

Been stayin' so strong

Ain't makin' no strides, what's takin' so long?

I don't want no inspiration

No information, no congregations, no confirmation

Fuck all that fake shit, fuck all the waitin', want all y'all hatin'

Just so, I can have a reason just to come back squeezin'

O.J. for the non-believers

Don't play cause my thoughts get deeper

When I'm off my rocker and I'm out of reefer

Call the coppers I want all the drama

I want all the smoke, I'm so exhausted

My eyes glossy, my heart colder than a windy frosty

And I think I've lost it in

And I'm good I'm off this

Phone that I'm on, goin' ghost like I do best

After every single blessing is a new test

I be tellin' myself, "Just do less"

Can't take it no mo'

Can't fake it no mo'

Gonna say this one time

Won't say it no mo'

I can't take it no mo'

I'm givin' up, I'm givin' up, I'm givin' up

I can't take it no mo'

I'm givin' up, I'm givin' up, I'm givin' up

Can't take it no mo'

Can't fake it no mo'

Gonna say this one time

Won't say it no mo'

I can't take it no mo'

I'm givin' up, I'm givin' up, I'm givin' up

I can't take it no mo'

I'm givin' up, I'm givin' up, I'm givin' up

Can't take it no mo'

Can't fake it no mo'

Gonna say this one time

Won't say it no mo'

Been givin' my all

Been stayin' so strong

Ain't makin' no strides

This my giving up song

Everybody been textin' me now
Everybody wanna mess with me now
Bitches wanna say I'm blessed to be now
Tell them bitches they can bless the penile
I'm feelin' insane to see now
[?] makin' me wild
Ali wonderin', did I break the team down
God why I gotta take the scenic route?
When this is not what I envisioned
No, it could be worse but just listen
The words is still in my position
They feel like this feeling's a prison
Try to make honest decisions
With positive vibes in my system
Sometimes I slip up I be trippin'
But why's it so tough for a nigga?
Never thought I would just slip up
But I'm done puttin' my chin up
Man I'm done puttin' my chin up
This where I end up
Drownin' my sorrows in this cup
Tell mama tomorrow I'll get up but right now I'm down
Don't want no one 'round
Just go in my shell go blow an L 'til I feel like I'm high as the clouds

Can't take it no mo'
Can't fake it no mo'
Gonna say this one time
Won't say it no mo'
I can't take it no mo'
I'm givin' up, I'm givin' up, I'm givin' up
I can't take it no mo'
I'm givin' up, I'm givin' up, I'm givin' up
Can't take it no mo'
Can't fake it no mo'
Gonna say this one time
Won't say it no mo'
I can't take it no mo'
I'm givin' up, I'm givin' up, I'm givin' up
I can't take it no mo'
I'm givin' up, I'm givin' up, I'm givin' up
