

Heroes Eventually Die

XV

I am trying to be
A hero a hero
And this is me saying
.. the hero cause he know where he grow
When I think about it a beat is all I need ..
Can't wait till my fingers hurt of all that money counting
.. is just another reason on my list why I spit crack
.. I stay fly like I am living in a .. kush ...
Is anyone killing like i am killing now
Everybody .. got that lyrical style
And they've been feeling style
... so ill it could brag
To the niggers in the hood
I am trying to be
A hero a hero
And this is me saying
.. the hero cause he know where he grow
