

One Thing

XV

I know you'll say one thing
I know you'll say one thing
And then do something else
And then do something else

Niggas is mad. They like, "You said that was coming out on the 12th. You said it was dropping on the 12th." Hahaha...

Vizzy's homecoming
Vizzy Zone coming
That was like what? Two weeks ago something?
The Twitters started Tweeting
Blogs started searching
Ill Will, DMing, I do that shit on purpose
Rappers act like rabbits, I refuse to be the tortoise
I'm a turtle in a half shell, kicking it like Norris
Bullheaded, you would think I was a Taurus
The Kid With The Green Backpack is still in storage
Lay your verse, I'm all for it, but let me tell you "one thing"
You need it done tomorrow, I will fail you
I say I'll hold you down then tomorrow I can't help you
I deserve a no window room in Bellevue
Tell boo that I ain't ever gonna leave her
Next thing she know I'm quickly putting on my sneakers
I try to stay away from saying things that I will stand up
Like comedians and even when I have an honest answer somehow...

I know you'll say one thing (I know I do)
I know you'll say one thing (Ain't trying to)
And then do something else (I'm sorry)
And then do something else (Sorry)
I know you'll say one thing (I know I do)
I know you'll say one thing (Ain't trying to)
And then do something else (Uh huh)
And then do something else (yeah)

I say the album dropping, it ain't even done
I say I'm trying to fuck but I ain't getting none
I'm good at getting girls, bad at keeping one
I say I dick her down and she ain't even cum
What do they even want? They telling me to kill it
When I kill it they conceal it, resurrect it and rebuild it
I'm saying I'm a hero when I'm playing like the villain
I open up my mouth but I never show a feeling
I hit the mall and say I'm only going to buy "one thing"
When I know that I'm not even going to try
Hate on all these rappers that be balling, acting fly
When I blew a check at Stokers throwing money in the sky
I
Tell them chicks that wouldn't give X an chance
But you would never get a second glance
So tell me why I'm turning around
Looking at this girl that used to turn me down
About to ask her for a dance
It's crazy fam

I know you'll say one thing (I know I do)

I know you'll say one thing (Ain't trying to)
And then do something else (I'm sorry)
And then do something else (Sorry)
I know you'll say one thing (I know I do)
I know you'll say one thing (Ain't trying to)
And then do something else (Uh huh)
And then do something else (yeah)
