

APPLE PIE

XYLØ

My baby says I'm hot like apple pie
Yeah, he's so good with words, but I don't believe him (I don't believe him)

Seven-forty-seven in the sky
He came right out of the blue, no, I didn't see it coming

Love, easier said than done
My head's like, "Run, Bambi, run, Bambi, run"
'Cause I've got it wrong a hundred million times
But this is one hundred million and one

When I'm with you, you
It's just me and you, you

My baby says I'm hot like apple pie (Baby says I'm hot)
Yeah, he's so good with words, I'm startin' to believe him (I believe him)
Seven-forty-seven in the sky (Seven-forty-seven)
He came right out of the blue, no, I didn't see it coming

Little by little, I'm startin' to fall in love
Easier said than done
My head's like, "Run, Bambi, run, Bambi, run"
'Cause I've got it wrong a hundred million times
But this is one hundred million and one

When I'm with you, you
It's just me and you, you

Baby says I'm hot like, hot like apple pie
Out of the blue
