

Don't Panic

XYLØ

La, la, la-la-la-la, la, la, la-la-la-la
La, la, la-la-la-la

Waking up, your clothes are on my floor
And maybe I should change the lock that's on door
'Cause I like it better when I miss you
You like it better when I kiss you
Don't you think that I'm already yours
'Cause you're on my couch and watching fucking sports
I like it better when I miss you
You like it better when I f... you

Don't go too fast unless I ask
Don't go too slow, want you to know
If you are down, down, down for it
And if you're out, I'm outta here now

I'm just taking my time, so don't complicate it
Don't you worry, I'm fine
Don't panic, yeah
I'm just living my life, so don't complicate it
Don't you worry, I'm fine
Don't panic, yeah

La, la, la-la-la-la, la, la, la-la-la-la (lay me down and waste my life)
La, la, la-la-la-la
Don't panic, yeah
La, la, la-la-la-la, la, la, la-la-la-la (letting go, my [?], my time)
La, la, la-la-la-la
Don't panic, yeah

Lately you've been blowing up my phone
Maybe I just need one minute on my own
'Cause my heart is wanting what it can't get
And yours is such an easy target

Don't go too fast unless I ask
Don't go too slow, want you to know
If you are down, down, down for it
And if you're out, I'm outta here now

I'm just taking my time, so don't complicate it
Don't you worry, I'm fine
Don't panic, yeah
I'm just living my life, so don't complicate it
Don't you worry, I'm fine
Don't panic, yeah

La, la, la-la-la-la, la, la, la-la-la-la (lay me down and waste my life)
La, la, la-la-la-la
Don't panic, yeah
La, la, la-la-la-la, la, la, la-la-la-la (letting go, my [?], my time)
La, la, la-la-la-la
Don't panic, yeah

La, la, la-la-la-la, la, la, la-la-la-la
Don't you panic, don't you panic, yeah

La, la, la-la-la-la
'Cause if you're down then I'm down for it
La, la, la-la-la-la, la, la, la-la-la-la
Don't you panic, don't you panic, yeah
La, la, la-la-la-la
Panic, yeah

I'm just taking my time, so don't complicate it
Don't you worry, I'm fine
Don't panic, yeah
I'm just living my life, so don't complicate it
Don't you worry, I'm fine
Don't panic, yeah

La, la, la-la-la-la, la, la, la-la-la-la (lay me down and waste my life)
La, la, la-la-la-la (tonight's the night)
Don't panic, yeah
La, la, la-la-la-la, la, la, la-la-la-la (letting go, my [?], my time)
La, la, la-la-la-la
Don't panic, yeah
