

one bedroom apartment

XYLØ

Sky rise, broken elevator
Fell in love at the bodega
Calling 911, hello operator
There's a girl on the 3rd floor
Can you come and save her

From the suburbs, to the city
Yeah it changed me

Come to my one-bedroom apartment
There's only one thing we can do
So kiss me while we listen
To the gunshots in the distance
Let this siren sing a pretty song for you

I don't know the feeling of silence anymore
Women and babies are crying next door
From the gates
To the city
Yeah it's changed me

Come to my one-bedroom apartment
There's only one thing we can do
I'll show you what you're missing
As we slow dance in the kitchen
Let this siren sing a pretty song for you

I'm not young enough to know everything
I'm not young enough to know everything
I'm not young enough to know everything
I'm not young enough to know everything

One-bedroom apartment
There's only one thing we can do
So kiss me while we listen
To the gunshots in the distance
Let this siren sing a pretty song for you

I'm not young enough to know everything
I'm not young enough to know everything
I'm not young enough to know everything
I'm not young enough to know everything
