Tied Up

XYZ

Maybe I'm under a spell, addiction is blind
Sorry heaven or hell, I don't seem to mind

I'm caught in a game
Where a heartache is fine

I pull on the chain
When pleasure is pain
All the pleasure is mine

You got me tied up in love
Hunter and prey
Oh baby
Tied up in love and I can't get away
I'm tied up in love

Maybe we're locked in a cage, partners in crime
Sorry passion or rage, show me the line

I'm searching for me
Through the eyes of a fool
I can't seem to see
Who else to be
But yours, tender or cruel

You got me tied up in love
Master and slave
Oh baby
Tied up in love and I can't get away
I'm tied up in love

I'm tied up in love
And I can't get away
Tied up in love
Hunter and prey
You got me tied up in love
And I can't get away
I'm tied up in love
