

What Keeps Me Loving You

XYZ

Everytime I walk away
It feels so wrong
Tell me why I never stay
Where I belong
Uh, take me home
I dream of a dawn
in a blue holding eyes, yeah

What keeps me loving you
It's easy to know when we touch
What keeps me loving you
It's easy to know
When it's love
When it's love

Everytime I say goodbye
I can't be free
Tell me why I never try
To let it be
Uh, take my hand
Tommorow will gone if you
hold me tonight, oh

What keeps me loving you
It's easy to know when we touch
What keeps me loving you
It's easy to know
When it's love

(solo)

Take me home
Together we're,
Together we're strong

What keeps me loving you
It's easy to know when we touch
What keeps me loving you
It's easy to know

What keeps me loving you
It's easy to know when we touch
What keeps me loving you
It's easy to know
When it's love

'cause I dream of a dawn
in a blue holding eyes, oh
When it's love...
