

Higher

Xzibit

Let's go Doc, let's go

Yo, I got that bud for sale, bro
That'll get you (Higher)
When I'm in the road rage, my middle finger (Higher)
Look and hear what God build (Yeah), my faith a little (Higher)
Crush, wax, and a blunt, bro, that'll get you (Higher)
I'm a general, man, I don't share the blunt (I don't share it)
Coke addicts hit a track, turn it up in bulk
Sour diesel, I don't do the runs (Nah)
You steal my lighter, then I'm on you like da-da-da-da-da
You need a couple of pounds, then homie call me (What you need?)
High grade and big bread when the dogs eat
Me and my boys move like Wolves of Wall Street (Woo)
I get a little crazy on my Gnarlz Barkley (Higher)

I got the plug for the fire, girl, come get a little (Higher)
I just smoked a grenade, Xzibit, yeah I'm feelin' (Higher)
Before them haters talk about me, my middle finger (Higher)
Connoisseurs of the cannabis, nobody get it

I'm high as a motherfucker, high as a bitch (I'm high)
I'm high as a motherfucker, high as a bitch (I'm high)
I'm high as a motherfucker, high as a bitch (I'm high)
I'm high as a motherfucker, high as a bitch (I'm high) (Wow)

Cut down the 4000 lighter with C-Junkie genetics
Bitch, anything fire
Dunkin', I'm tone roguish
Smokin' funky cardamine (Yeah)
Alien labs, hit the dab, take me to your leader (Take me to your lead)
Whether A-B, or C-B-X, it don't matter
I'ma get down, pull my stizzy and shit scatter (Boom)
Call it Dr. Green Thumbs, we gon' need a bigger place (Yeah)
Get them home-grown zones out a nigga face (Ugh)

OG nation, I'm connected like Bluetooth
You smokin' on booth, this is not what you used to
You fuck with bald head bitches that bigger than Bruce Bruce
Get your man the material niggas can't shoot through
You niggas is not Snoop, just another man in a blue suit
Get dumped out dead in a phone booth
These concentrates will rattle a tooth loose
Let's get to the green house
And break down 15 pounds
And get (Higher)

I got the plug for the fire, girl, come get a little (Higher)
I just smoked a grenade, Xzibit, yeah I'm feelin' (Higher)
Before them haters talk about me, my middle finger (Higher)
Connoisseurs of the cannabis, nobody get it

I'm high as a motherfucker, high as a bitch (I'm high)
I'm high as a motherfucker, high as a bitch (I'm high)
I'm high as a motherfucker, high as a bitch (I'm high)
I'm high as a motherfucker, high as a bitch (I'm high) (Wow)

It's a shout out to assholes, we smash those
Flickin' ashes on busters from hash hoes (Yeah)
Ain't no stoppin' the cashflow, your ass knows
Green thumb, takin' your lungs, and we collapse those
I got that inhale, heat it if you need it
Understand it, flip it, then you gotta hit then repeat it (C'mon)
Not to be conceded, however you can achieve it
All the haters can eat a dick, enjoy it while you eat it
And while you at it, just take note, we are the highest
Make an altar and give thanks to the weed messiahs
Mother Mary will provide us with the itis
I'm a fire breathing dragon, blowin' smoke right out my sinus
Smokin' joints and dab rigs no matter what the size is
Now it's time to make a choice, and don't you worry 'bout the prices
When you hittin' that OG on the glass tip
You feelin' like Redman jumpin' in the crowd doing a backflip
