Y La Bamba

Walking around, I be thinking to myself  
How I keep trying, how about I keep it fair  
To get there (To get there)  
I don't need anything from nobody (No-no-nobody)  
To find out (To find out)  
We get to live this right now  
I don't want to be that foolish

Give it time, don't forget it  
You will find, won't regret it  
In the silence, hear my heartbeat  
See it coming, sure is something  
Out of this world  
Oh-oh

All I  
All I know to stay true to my heart  
Some things can't be held right, you know what I'm talking about  
I guess (Oh-oh)  
Everything has been changing (Oh-oh)  
I'm hoping for better you believe, mark my words (Oh-oh)  
For every time that I get nervous (Oh-oh)

Ah-ah-ah-ah-ah  
Ah-ah-ah-ah

Give it time, don't forget it  
You will find, won't regret it  
In the silence, hear my heartbeat  
See it coming, sure is something  
Out of this world  
Give it time, don't forget it  
You will find, won't regret it  
In the silence, hear my heartbeat  
See it coming, sure is something  
Out of this world
