

Damned

Y La Bamba

Why wait, sweet baby? (Sweet baby)
All we do is talk about what's been so hard
Talk it out (Talk it out)
If you please (Talk it out if you please)
Take your thought (Take your thought)
Take your time as you need it, sweet baby

Who said it wasn't possible
To feel a love so strong and carry it inside?
My mind has been an obstacle
Like it's always been and it's been for quite some time
I know how this sounds
But I swear I'll be damned if I don't give it try
What kind of sick trick is this
That I can no longer hide?

Hide
Oh-ooh, oh-oh-ooh
Hide

Have I lost my way home?
(Have I lost my way home?)
I need some time to understand
I need some time to understand it all
But I've guessed what went wrong
(I could've guessed what went wrong)
I need some time to understand
I need some time to understand it all
For something as (For something as)
For something as demanding as this

Who said it wasn't possible
To feel a love so strong and carry it inside?
My mind has been an obstacle
Like it's always been and it's been for quite some time
I know how this sounds
But I swear I'll be damned if I don't give it try
What kind of sick trick is this
That I can no longer hide?

Who said it wasn't possible to say it's easy?
(Da-ra, da-ra, da-ra)
(Da-ra, da-ra, da-ra) Easy
(Da-ra, da-ra, da-ra) Easy
(Da-ra, da-ra, da-ra) Easy
(Da-ra, da-ra, da-ra) Easy
(Da-ra, da-ra, da-ra) Easy
(Da-ra, da-ra, da-ra) Easy
